FALL A  
Lesson 10

## Most Important Things

*No one can serve two masters. Either you will hate the one and love the other, or you will be devoted to the one and despise the other. You cannot serve both God and Money.*

Matthew 6:24

We keep a family calendar in the kitchen so everyone can add important events we need to remember or attend. On Fridays we write in Family Night, which is a time we enjoy together playing games, watching videos, or other things. Once a month we try a new activity. On Sundays we write in God's Day and we spend time at church with other believers. We eat lunch together and then have a quiet time of each person reading the Bible by themselves and talking with God. At a designated time we get back together and talk about what we read and pray together. **We show we love God by spending time with Him and by following His ways.**

### Try This:

At mealtime or bedtime, reminisce about friends or relatives that have moved to heaven and what you remember about them. Then let each person finish this statement: "I'd like to be remembered for . . ." Talk about what you would have to do now in order to be remembered later for those things.
