FALL A  
Lesson 11

## Words and Actions That Match

*Where your treasure is, there your heart will be also.*

Matthew 6:21

I talk with my kids about what's important for other people to see in our lives. **When we say we love God, it's important that our actions show we love God, too.** Our kids decided to find ways to earn a dollar for every birthday they've had. Then they spent that money on canned food to donate to the holiday food baskets our church put together for needy families. They enjoyed that project so much they decided to put together their own meal in a basket for some neighbors, including all the ingredients needed to make a spaghetti dinner. They wrote a letter explaining that they loved God and wanted to share His love with others.

### Try This:

To encourage our kids to realize that Jesus wants a relationship with us, we took turns letting each person answer this question: "If you could ask Jesus any question and get an immediate answer, what would it be?"
