SPRING C
Lesson 2

Celebrate Good News

***“See what great love the Father has lavished on us,
that we should be called children of God!”***

1 John 3:1

I love to share good news with our family! Sometimes I like to wait until we are all together and spring it on them all at the same time. Sometimes I blurt it out as soon as they come in the door. If there is news I want to share with everyone, I send out a text or message. I love the responses when people get excited about my good news, too. What astonishing good news that Jesus is alive! It changes our entire life on earth and our eternity. That is reason to celebrate every day—and share it!

Try This:

At bedtime or mealtime, play a little game. Take turns with your kids to tell about times you’ve heard good news—think of as many as you can. Be sure to end with Jesus’ death and resurrection! Then thank God for all the wonderful gifts He has given to your family.
