Lesson 1

God's Perfect Plan

In [Jesus] was life, and that life was the light of all mankind. The light shines in the darkness.

John 1:4-5

At a mealtime, we each dreamed about what the perfect house would be like. My kids then told me what the perfect school would be like—an interesting way to discover what they didn't like about school! I said, **God had a perfect plan for getting rid of our sin so we could be friends with Him.** Between us, we each told different parts of God's plan until we had detailed it all out. **What an awesome plan that included God Himself sacrificing His Son—He loves us that much!**

Try This:

We found a great skit online about Adam and Eve that we enjoyed watching together. It led to a discussion about how that first sin affected us all. We were born into sin, but we all sin and can't blame it only on Adam and Eve—we are equally guilty. And God's perfect plan for Jesus to die once for everyone covers us, too.
