WINTER A
Lesson 8

Love Never Quits

[Love] always protects, always trusts, always hopes, always perseveres. Love never fails.

1 Corinthians 13:7-8

Each family member wrote on slips of paper what problems they think our family has. Then each wrote what they thought was good about our family. We read the comments together and it led to some interesting discussion. Something that bothered one person wasn't a problem for another. I asked them to look at 1 Corinthians 13 to find advice that would help our family. Each person picked out a characteristic of love God can help us show.

Try This:

During our Bible reading, we found stories of families in the Bible and talked about their problems. We discovered no family is perfect. We prayed together that God would help our family keep working through things in love.
