

Now I See

Use the sun diagram below to identify things God has helped you have spiritual eyes to see. In the center, write a sentence about gaining spiritual vision. What does it mean to you? How has it shifted your perspective or outlook on life? On the “rays,” write words or phrases that describe how the light of Jesus has impacted the way you see the world and your place in it. (Examples: I love people with unexplainable love, I see beauty in hardship, I see God’s fingerprints all over repetitive themes in my life, I have a calling and a purpose)
